## Tour Guide System (one-way) YT200

### Product introduction:

YARMEE YT200 portable wireless tour guide system is designed especially for guides and groups. It is a light weight multi-channel system that helps tour participants listen directly to the tour guide clearly. Working distance up to 60meters

### Applications of YARMEE YT200 as followings

#### Tour guide

When a guide leads tourists, it is natural to have situation crowded and noisy among tourists. When this situation happens, it isn't comfortable for tourists to use the heavy and complicated guide devices. Additionally, YARMEE YT200 can be made for tourists to concentrate on the tour and for a guide to make a tour successfully.

#### Simultaneous interpretation

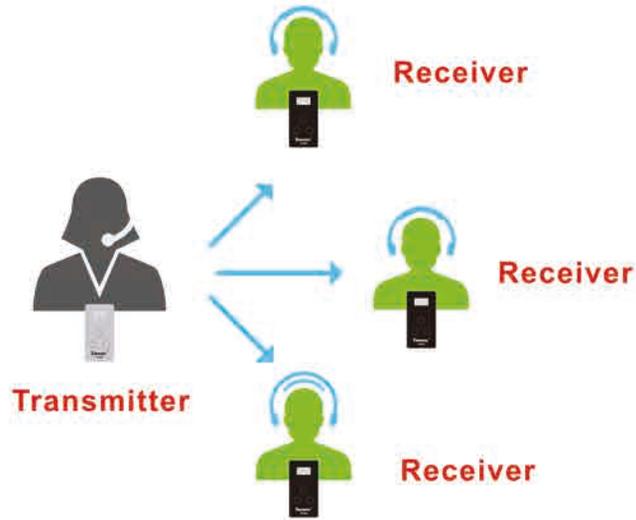

Have you ever experienced to use simultaneous interpretation devices which are difficult and complicated? YARMEE YT200 is direct and convenient product adapted in the international interpretation. It is used in international conference, church, religious charities and so on.

#### Reception of the inspection

In case of visiting tour like factories, docks and manufacturing companies, there are a lot of inner noisiness. Therefore, it is hard for a guide to lead the group there. If a guide uses YARMEE YT200 in this situation, he doesn't have to divide the group and can provide exact guidance even the big group. Also, YARMEE YT200 makes the image of a company to be enhanced and provides impressing tour with using specific guide devices.

# Tour Guide System (one-way) YT200

## Transmitter

## Receiver

## Tour Guide System (one-way) YT200

### Features

- One key to shut off all the receivers by the transmitter
- Stylish appearance, compact and lightweight, easy to carry
- Less interference, stable signal, good sound quality
- Large capacity battery and low power design, environmental protection, stability, durability Safety, can use 40 hours
- Large screen LCD display, humanized button design
- Automatically shut down when it without signal for a period of time
- PLL frequency synthesis technology
- Interference automatically,99 channels can be used without interference

### YT200T ---Transmitter

#### Specifications

Technology	VHF frequency band wireless
Frequency	195MHz-230MHz(customized )
Sampling rate	DC3.7V
Frequency response	50-18KHz
Latency	<0.5ms
Transmit distance	60M
SNR	>90db
Working hours	< 20 hours
LED display	Power , signal and channel
Weight	50g
Accessory	microphone/Lanyard

YT200T

### YT200R---Receiver

#### Specifications

Technology	VHF frequency band wireless
Frequency	195MHz-230MHz(customized )
Sampling rate	DC3.7V
Frequency response	50-18KHz
Latency	<0.5ms
Transmit distance	60M
SNR	>90db
Working hours	< 40 hours
Weight	50g
LED display	Power , signal and channel
Accessory	earphone/Lanyard

YT200R

Microphones : handheld, collar clip and headset mode  
Earphones : single ear and double ears

one-key to shut off all the machines, one-key to connect all the receivers , unplug headphones, no signal automatic shutdown, reducing the work of management staff.

## YT240C---Charging case

(charging & Carrying 40pcs equipment and all accessories)

### Specifications

Input:	110V-240V, 50Hz/60Hz
Output:	5V 10A 50W
Slot position:	40 units
Size:	44*38*17cm
Weight:	7.9kg
Function:	Charging & carrying
Charing time:	4.5 hours

## YT230C---Carrying case

(Carrying 32pcs equipment and all accessories)

### Specifications

Slot position:	32 units
Size:	38*35*18cm
Weight:	2kg
Function:	carrying
Style:	Shoulder Carry or Hand held

Accessories

Charging socket for 32 receivers  
YT210C

Headset microphone  
YT221C

Clip microphone  
YT222C

Single earphone  
YT100E

Headset earphone  
YT200E

Earphone with microphone  
YT300E

Charging cable 4 micro USB to 1 USB  
YT24

Drawstring Bag  
YT25

Lanyard  
YT26
